Paula
P.S And A good
B. B. player

you know how I feel about you (I hope). When we are together it is as if we are one because we have so much fun. I wish we could do it more but for the time being it isn't + hasn't worked so well. I hope we have another chance to try because I like you very much and I know it will work out eventually. We had alot of problems that maybe shouldn't have happened but what can you do. I think Peggy had something to do with it but I'm quite sure what. I can understand how you must have felt about my basketball season, especially Attica. Between Peggy + me you got it from both sides. I wish it wouldn't have happened that way. I know we will get it one of these times. Remember the good times + learn from the bad.

Love from me to you,

BARB

To a real good kid, even though you only scored 2 points a game.
Remember me

Dave,
To a real nice guy, good luck in all you do & have fun in the rest of years at "ACS".

Dave
Hope you have success in all you try. Good luck your out.

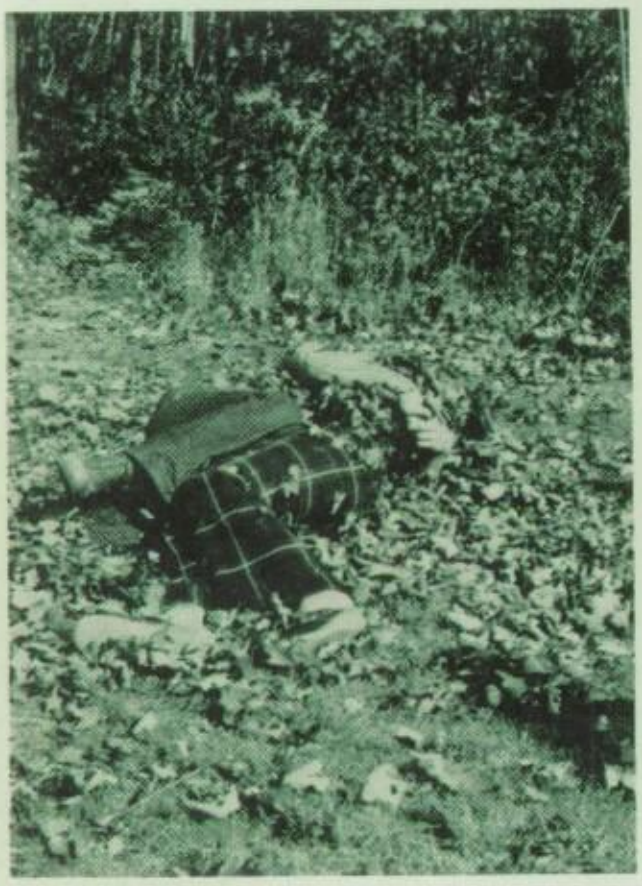
IT WAS SO EASY

By Carly Simon

I remember a time, romping through the woods
sun against our skin instead of clothes
When we felt hungry we would eat, when we felt glad we'd dance
And whenever we felt drowsy we would doze.
It was so easy then never taking any stands
It was so easy then, holding hands.

I remember a time when our fears could be named
And courage meant not refusing dares.
I remember when we took such care to never step on the
cracks, no only in the squares,
Or else we'd be abducted by the bears.
It was so easy then never making any plans
It was so easy then holding hands.

And now we are grown, with debts and regrets,
And broken hearts and sentimental schemes.
Now every tender failure seems to overthrow old dreams,
Love can drive anyone to extremes.
It was so easy once, holding hands without a plan,
It was so easy then holding hands
Just holding hands.



"Reflections"

We pause here, on the top step - knowing there are many on the road ahead; we know not where they will lead, nor do we know who will go with us. Only one thing we know - that the years we have spent here - all the laughter, all the anger, all the fun, all the sorrow - will echo after us.

A school casts a long shadow over the lives of those who have spent their years there. We think it may, from time to time, shade us - not from reality, but with memories we will remember. Just knowing it was there - it is there - gives us quiet confidence in the future. For we know that it will be there for others and they too will pause here in contemplation - on the top step.

Good luck in

Administration and Faculty

Principals

As we look back on the last few years we recognize that although there has been growth and change, each year must be faced as a beginning. In so many ways the attainment of some goal or award places us again at the beginning of a new part of our lives. This is only fitting, for to be satisfied with what we have achieved and have no further ambition would be to lose the drive we all need to be truly happy. It is strange to think of passing and graduation in terms of sorrow, but completion and success so often are accompanied by an end of wonderful relationships and experiences we can never duplicate exactly again. We still look forward to these moments of success and hold both their joys and sorrows as memories to be cherished through our entire lives.

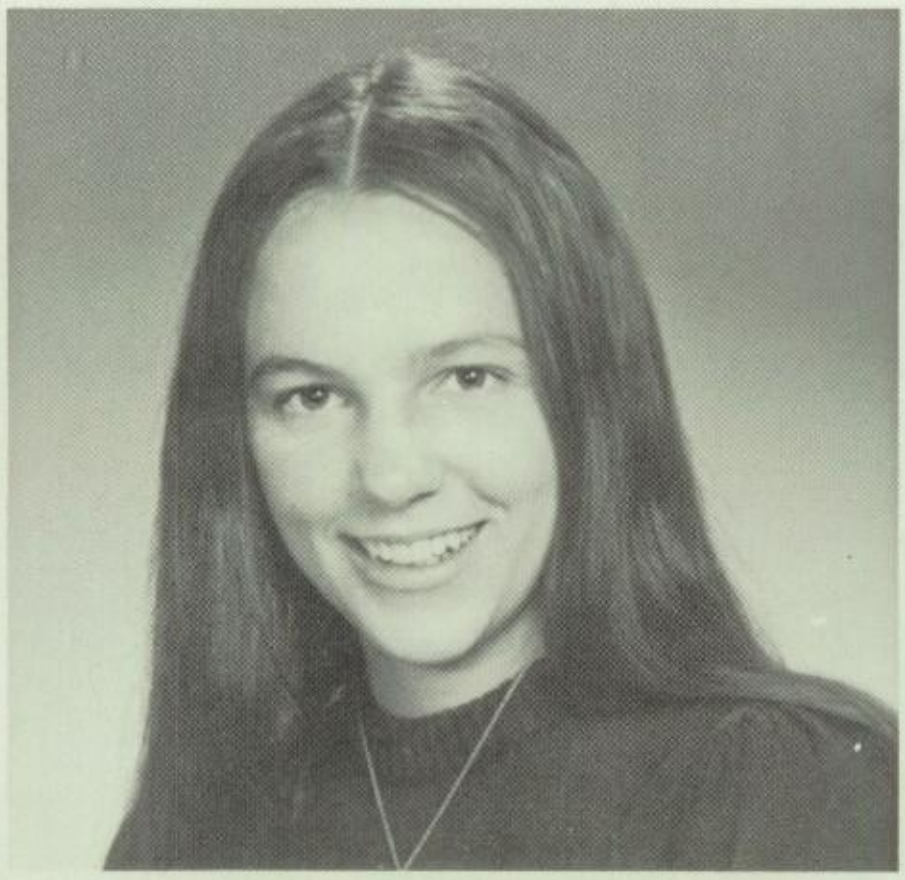
American Abroad



Last summer I had one of the most rewarding experiences of my life. For two months I lived in Warburg, Germany.

It is said that European countries are among the cleanest in the world; Germany is no exception. Everywhere I went I was impressed by the beauty of the country and the people. The atmosphere in Warburg is a mixture of the old and the new. While it has all the modern conveniences, the people are traditional in their way of living.

I lived with the Thonemann family on the outskirts of Warburg. We did not have a car so my father rode his bicycle to his job in the sugar factory. My mother, a boisterous but warm person, considered me a member of the family. My three brothers and two sisters cared for me in every way, but I wasn't spared any work. We were constantly going on bike rides and taking walks. I attended school during the month of August and also spent a week in Berlin.

In the world of today the only real security you can have must be found within yourself. This feeling of security is perhaps the first reward that the A.F.S. experience can bring you. I developed a wonderful relationship with my German Family, one which will stay with me and with them for the rest of our lives. It has given us an understanding that could not be accomplished in any other way. The experience of knowing people is just great.

ve, I think the most important thing I learned last summer was that you must always be yourself. Only then can you be truly happy. So take it easy Dave, and always enjoy your life whatever you do. Best wishes. Always, Julie

My city, Kyoto, is an old, historic city which is located just in the center of Japan. Kyoto has a population of 1.4 million people and used to be the capital of Japan till Tokyo took its place about 100 years ago. There are many beautiful old buildings like shrines and temples in Kyoto, and quite a few foreign visitors visit Kyoto every year.

My family consists of my father, mother, a younger sister, and myself. My father works for a bank and he loves to play golf. My mother is a housewife and she likes to make artificial flowers out of cloth as a hobby. My sister, No Nobuko, is 15 years old and attending high school. She and I get along well and do quite a few things together.

Before I came here, I was a junior at a private Catholic High school named Rakusei High School which was founded by St. Victor of Canada. In this school I joined Japanese Fencing Club, Ping Pong Club, and E.S.S. E.S.S. means English Speaking Society and we practiced English conversation since English is a foreign language for us. And I spent most of my free time listening to rock and new folk records and playing the guitar because I really love music.

Last of all, I am so happy that I could spend a year at Alexander and meet and get to know a lot of people. And I can't thank you enough for all the kindness I received from all of you. Thank you very much.

Love, "Taki" Otsubo
